**Email #1 Subject:** Facebook Changes That Affect You!

**Email #1 Body:**

Hi {!firstname\_fix},

If you are using a Facebook Page to market your business, then please pay attention to this email because Facebook is making changes that directly affect you.

As of March 10th, Facebook is doing away with their "FBML" application. This is the application that allows us marketers to create "custom tabs" or "landing pages" on our Facebook Pages.

The problem is, once the FBML application is removed you will need to use an iFrame application to create custom landing pages and tabs.

Ready for a slap in the face?

**Facebook is NOT providing you with an iFrame application like they do now with FBML.**

You will be responsible for creating your own (if you have programming skills) or you will have to choose one of the iFrame app services that exist (most have monthly fees.)

But here's the good news...

**You still have time!**

According to our sources at Facebook, if you install the FBML application on your Facebook Page **BEFORE March 10th**, you are safe until at least the end of the year.

**After March 10th, only the "Install Option" goes away.**

Here's more good news...

Our current software automatically generates the FBML code which provides you with a custom landing page tab and it also helps you get more "Likes" to your Facebook Page as well. It's super easy to use and we also walk you through installing the FBML application.

And my partner Ryan says our NEW "Double Your Likes" iFrame application and it WILL be ready within a few weeks.

*And get this...*

I talked Ryan into doing a "1/2 Off Sale" for the next 5 days only.

When you invest in our current FBML code generator (plus "how to" videos) you'll be GRANDFATHERED in and get our upcoming iFrame application 100% free. Yes, FREE!

(Note: Our new iFrame version requires a small monthly fee that you will NEVER have to pay.)

So you're getting our current software, training videos, plus our new iFrame application (when ready) during this special half off sale.
